In-Network Insurance

If billing an in-network insurance company, you will be responsible for any portion of the contracted rate that is not covered by your insurance. Contracted rates may be less than that stated in the fee schedule. Along the Path will submit the claim to your insurance provider. You will be notified by Along the Path of the amount due and if desired, issued a monthly statement for any portion due at the time statements are printed. You may also opt to have payments made automatically when claims have been processed by your insurance using a card on file.

Out-of-Network

Fee for services are non-negotiable and are due at the time of service. If you would like, a claim can be submitted to your insurance. You will be designated for the assignment of benefits. Meaning, if you have out-of-network benefits, your insurance company will reimburse you directly for the covered portion for services. You will also receive an estimate of the cost of services as well as an agreement acknowledging that you are receiving services with an Out-of-Network provider.

Uninsured or Electing Not to Use Insurance

Fee for services are non-negotiable and are due at that time of service. You will receive a Good Faith Estimate anticipating the cost for counseling over a specified period of time.

PLEASE NOTE

Most insurance companies (both in and out-of-network) do not reimburse for Life-Coaching, review of records, extensive phone consultation or missed appointments.
